PEDIATRICS

Cancellation Policy

At Acorn Pediatrics, we work hard to set our schedules in a way to provide enough time for appointments. As a parent of a patient, we would ask that you try to be on time for your child's appointment. Please call to reschedule appointments if you realize that you will be running late. If you arrive late and the provider is unable to work your child into the schedule, you will be asked to reschedule. We understand that emergencies can make it difficult to keep appointments, so we encourage open communication so that we can provide the best medical care to your children and others.
